Horse riding helmets

Product 141324 Uvex Sumair black-brown 8

Safety Data Sheet for Riding Helmets

Product: Riding helmets

Usage: Riding helmets are used to protect the head while riding and minimize injuries.

Materials:
Outer shell: plastic (e.g. ABS, polycarbonate)
Inner shell: Shock-absorbing material (z.B. EPS foam)
Padding: Foam, Fabric
Attachment: plastic and metal straps and buckles

Dangers:
Mechanical hazard: Improper use or damaged helmets do not provide sufficient protection.

Allergic reactions: Some materials can cause allergic reactions in sensitive individuals.

Choking hazard: Small parts such as buckles or upholstery pieces can be swallowed, which is especially dangerous for children.

Safety Measures:

Handling: Use the helmet only according to the manufacturer's instructions and make sure it fits properly and is correctly fastened.

Use: Check the helmet regularly for wear or damage and replace defective helmets immediately.

Storage: Store the helmet in a dry, cool place, away from direct sunlight and extreme temperatures.

Care: Follow the manufacturer's care instructions to keep materials in good condition.

First aid measures:

Mechanical injuries: In the event of an accident or fall, stop using the helmet and seek medical help to rule out injuries.

Allergic reactions: If there are signs of an allergic reaction, clean the affected area thoroughly with water and seek medical help if necessary.

Risk of ingestion: Seek medical help immediately if any part is swallowed.
