

## **Horse riding helmets**

### **Product 145024 Charles Owen Hyda Carbon**

#### **Safety Data Sheet for Riding Helmets**

**Product:** Riding helmets

**Usage:** Riding helmets are used to protect the head while riding and minimize injuries.

**Materials:**

Outer shell: plastic (e.g. ABS, polycarbonate)

Inner shell: Shock-absorbing material (z.B. EPS foam)

Padding: Foam, Fabric

Attachment: plastic and metal straps and buckles

**Dangers:**

**Mechanical hazard:** Improper use or damaged helmets do not provide sufficient protection.

**Allergic reactions:** Some materials can cause allergic reactions in sensitive individuals.

**Choking hazard:** Small parts such as buckles or upholstery pieces can be swallowed, which is especially dangerous for children.

**Safety Measures:**

**Handling:** Use the helmet only according to the manufacturer's instructions and make sure it fits properly and is correctly fastened.

**Use:** Check the helmet regularly for wear or damage and replace defective helmets immediately.

**Storage:** Store the helmet in a dry, cool place, away from direct sunlight and extreme temperatures.

**Care:** Follow the manufacturer's care instructions to keep materials in good condition.

**First aid measures:**

**Mechanical injuries:** In the event of an accident or fall, stop using the helmet and seek medical help to rule out injuries.

**Allergic reactions:** If there are signs of an allergic reaction, clean the affected area thoroughly with water and seek medical help if necessary.

**Risk of ingestion:** Seek medical help immediately if any part is swallowed.
